

**Class 1  
Autumn  
2016**

### Science

We will be comparing and identifying animals. We will be investigating the weather and observing changes in the weather and seasons.

### Mathematics

We will be concentrating on place value. Counting to twenty forwards and backwards from any given number. Learning to count, read, write numbers to 10 and beyond. Count in multiples of two. Use the language of: more than, less than, most, least. Given a number identify one more or one less

### DT

We will be using different materials to build different houses and towers. Developing skills in the use of tools with scissors, needles and cooking equipment etc.

### *Once Upon a Time...*

This half term we are learning about Fairy Stories-Old and New.

### PE

The children are working with a specialist Dance teacher- developing co-ordination, movement and sequences. Building upon skills to develop simple team games.

### English

We will be writing lists, captions, speech bubbles and labels. Practising phonic skills as well as 'tricky' words and applying these skill to writing simple sentences and stories. We will be developing listening skills through role play and acting.

### ICT

The children will begin to use a word programme to write simple words and sentences. We will learning how to use school notebooks becoming increasingly independent. We will be learning elements of block and code programming. We will be learning about Internet safety.

### Music

We will be developing listening skills, rhymes and song. We will be learning traditional and modern songs for the Harvest Festival.

### History

We will be investigating the story behind Bonfire/Diwali Night and different historical figures.
